PRESS RELEASE

UPDATE OF CORONAVIRUS SITUATION IN GHANA

We are providing an update on the 2019-nCoV globally and in Ghana.

As at 6th February, 2020, there has been 28,280 confirmed cases and 565 deaths globally. Here in Ghana we have recorded 9 suspected cases including the recent 2 from Korle Bu Teaching Hospital. All of these cases have tested negative.

We wish to provide assurance to the people of Ghana that the Government, Ministry of Health/Ghana Health Service working in collaboration with partners are doing everything possible to prevent and protect against the importation of the virus into the country and prevent spread.

We continue to advise citizens to remain calm.

KWAKU AGYEMAN-MANU (MP)
MINISTER FOR HEALTH
